

AUTHENTICS L8

Two-Way Speaker System with Wireless Streaming

Uncompromising sound from an uncomplicated speaker system

Now the music on your device can fill the room, without wires or complex speaker configurations. Inspired by the legendary JBL Century L100 studio monitor, the JBL Authentic L8 blends classic acoustic speaker designs and advanced wireless technology. It offers a real, gloss black wooden enclosure, exceptional audio quality and easy wireless connectivity to a wide range of devices via AirPlay®, DLNA® and Bluetooth®. Harman Signal Doctor technology improves the quality of compressed audio streams making your music sound amazing, wherever it comes from. The free JBL MusicFlow app lets you easily control the speaker with iOS® or Android® mobile devices, and even charge compatible mobile devices on the speaker's built-in USB ports. Enjoy studio-quality JBL stereo sound from a single, stylish enclosure.

- ▶ Wireless connectivity for AirPlay®, DLNA® and Bluetooth® devices
- ▶ Stunning, full-range sound with 24 bit/96 kHz studio quality electronics
- ▶ Easy setup and configuration via JBL MusicFlow mobile app
- ▶ USB charging for your mobile devices
- ▶ 1/8" (3.5mm) audio input for use with wired devices

AUTHENTICS L8

Two-Way Speaker System with Wireless Streaming

120 watts (RMS) of JBL power and advanced acoustic design produce dynamic, full-range stereo JBL sound from a single speaker

High-performance JBL transducers and meticulous acoustic design deliver amazing sound from a compact speaker. The optimized low- and high-frequency transducers combine with advanced 24 bit / 96 kHz studio quality electronics and DSP to present full-range stereo sound with a wide stereo image – all from within a single enclosure.

Wireless connectivity for AirPlay®, DLNA® and Bluetooth® devices

The JBL Authentic L8 provides easy wireless audio playback from smartphones, tablets, computers and media players. It offers AirPlay® for iTunes and iOS devices, DLNA® for Android devices and Windows PCs and Bluetooth® – including instant Bluetooth® pairing with Near Field Communication (NFC) technology. The speaker automatically switches streaming formats as needed, simplifying use with all your devices.

What's in the box:

- 1 JBL Authentic L8 speaker system
- 1 removable speaker grille
- 1 region-specific IEC power cord
- Quick Start Guide

Product specifications:

- ▶ Type: Powered two-way stereo speaker with wireless audio playback
